

Membership Renewal Policy

The majority of our Members are already benefitting from positive business developments and Rewarding growth by actively cooperating with fellow PCA Network Partners.

Our business model is proving successful:

- Enrolling only pre-qualified and carefully vetted top professional Companies with a proven track record and sound business practices.
- Appointing only a few companies in each Country/Region is in the best interest of our Members and a prerequisite for fostering long term Member to Member business partnerships.
- We only appoint carefully selected International Freight Companies providing the full range of Logistics Services, coverage and the ability to compete in today's challenging markets.

The renewal process includes the following main criteria for consideration:

- Member to Member bilateral trade activities and support
- Financial Standing
- Attendance record to PCA Global Network Meeting
- PCA Global Brand identification and commitment
- Proactive support and participation of PCA Programs/Initiatives
- Ability to commit the resources to become a strong contributor to the PCA Community

The success of our Members is our main concern, we are mindful of the opportunities we wish to create for the membership. We work diligently to further enhance your member experience, improve your ability to connect efficiently with all your Network Members and to expand your Global Reach.
